Dedication

To a Faithful Torch Bearer

For his years of holding the light of truth high amongst the youth of this denomination, and for what this has meant to those hundreds who have seen his light and have been led by it to the Great Light, and

For his earnest counsel, for his personal administration of needed guidance, for his patient witnessing before us at Auburn Academy, for his adherence to principle mixed with never failing kindness, for his understanding of our feelings and our needs, and for his genuine love of young people, besides all that he has done for the material upbuilding of our beloved school,

To Our Principal, A. J. Olson

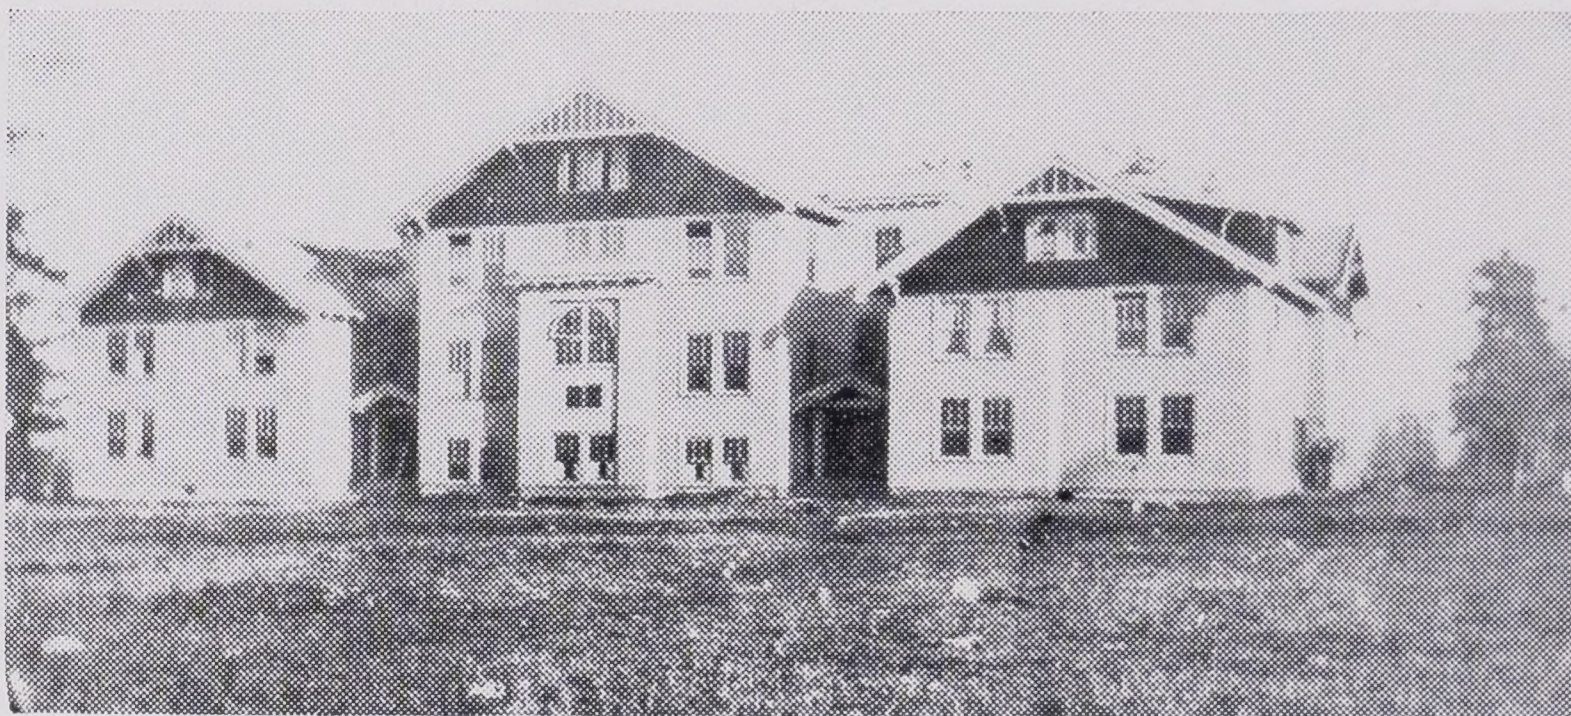

We affectionately dedicate this RAINIER VISTA

RAINIER VISTAS

Auburn Academy stands out in our memories as the school of the beautiful vistas.

When Mrs. Cubley and I first came to Auburn to teach in 1925, three beautiful evergreen trees were growing up through the floor of the Crow's Nest Lookout. One of the first things we did was to stand beneath these trees at the lookout rail and marvel at the loveliness of the beautiful Green River Valley below with its picturesque pattern of farms and peaceful homes, high-lighted by the sparkling clear waters of the Green River dashing aong toward Puget Sound.

From our windows in the annex we looked out, as we arose each morning, to see magnificent Mt. Rainier. The serenity of her eternal snows seen in the early hours seemed to give us the needed inspiration and strength for the duties of each day. The warm pink of the afterglow reflected from her glaciers at set of sun warmed our hearts and seemed to breathe a benediction upon our efforts for that day.

Withal, four very pleasant years at Auburn Academy left upon our memories the indelible imprints of beautiful rivers, picturesque lakes, restful vistas of forest green, joyful picnics and excursions into dozens of ageless beauty spots, and surpassing all, the changeless yet ever changing Rainier Vista looking down benignly upon the glistening white of the academy buildings.

REMINISCENCE OF A PRINCIPAL

My days at Auburn Academy are among the most pleasant memories of my life.

When I went to be principal there, the school was young. There had been a disastrous fire and a new main building had been erected and had been in use about a year before our arrival.

Our dear Elder Wyman was the baker; Mrs. Gyes was the matron; and such gardens and such food!

I think that while we were connected with the school the first annual under the name "Rainier Echoes" was published.

Everyone of our schools possesses marvelous advantages, but it seems to me that Auburn has so many more than the others. Truly no other school is so beautifully located, nor do the others have a more loyal and helpful constituency.

I shall always remember "Auburn, sweet Auburn, etc." Well, it is not on a plain, but set down in the midst of majestic loveliness.

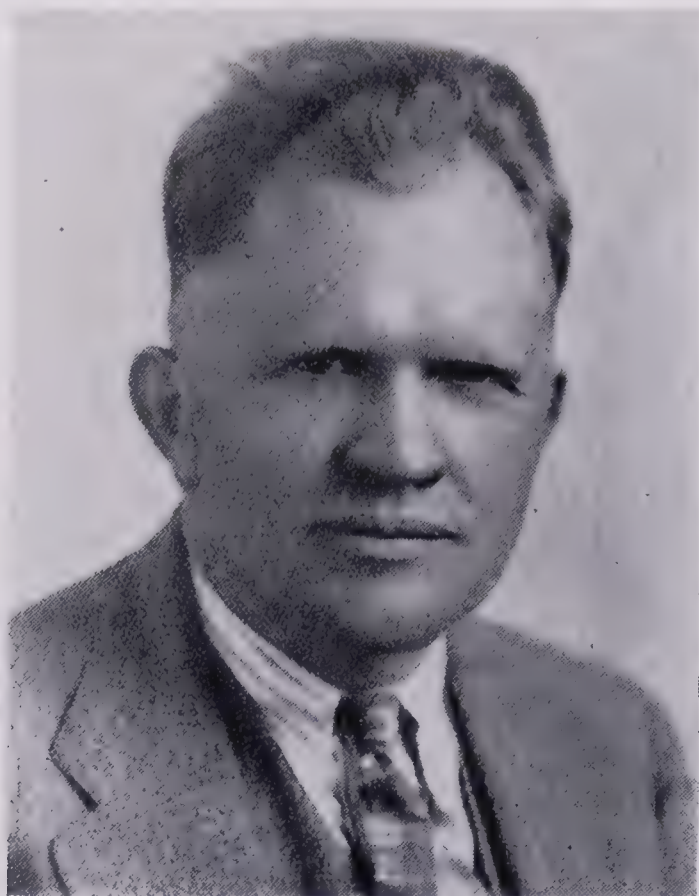

God always keep it fair and beautiful!

REMINISCENCES OF 1930-32

I well remember the first challenge that came to the Academy in 1930. It was from the Board of Regents,—a new boys' dormitory if we were to be accredited.

The second challenge was from Old Man Depression,—provide more work or lose all your students. We started meeting the second one first by using the cash we would normally spend for slab wood to pay the boys to bring in all the burnable wood that was to be found on our own grounds. This led on to the decision to use our good trees for lumber for the new boys' dorm. Logging equipment was rented and the boys became the logging crew. The "whistle punk" of that crew is now secretary-treasurer of a large union conference. A sawmill was also rented and set up and operated by the boys with the exception of the sawyer. Lumber and flooring for the boys' dormitory, hardwood flooring for the chapel and "Ad" building, lumber for the products sold by the woodshop during those two years, and the hardwood that was used to make the furniture for Conard Hall, at Walla Walla, were produced.

I get a great deal of satisfaction in knowing that we met the challenge of the Board of Regents, but a greater satisfaction in remembering the large number of boys and girls that we enabled to continue their preparation for the work of the Lord and meet the challenge of Old Man Depression because of the work made available by this project.

A GLANCE AT THE BEGINNINGS

How well do I remember Friday night, May 6, 1921, at the Academy! We had enjoyed such a good meeting in the chapel that evening—a meeting where God came close to teachers and students alike. After the meeting, the Personal Workers' Band, made up of the older students, slipped quietly up the stairs to a class room for its weekly meeting. I was the leader. A serious earnestness filled the room as those dear young people pled with God for grace and power. Down through the years I hear the echo of those sincere prayers—the last to be offered in that former building.

Soon a Sabbath peace and quiet rested over our beloved school. About eleven o'clock that night, fire broke out and rapidly spread through the building—the girls' dormitory suffering first. That awful night I shall never forget, for the responsibility of fifty girls' lives rested heavily on me, their preceptress. In a short time our Academy was a heap of ashes.

Graduation exercises for the senior class were held that summer at the Kent camp meeting. Elder A. G. Daniels gave the commencement address. In the spring, the senior girls had planned to graduate in pink checked gingham dresses trimmed in white organdy and carry apple blossoms. The fire changed the flowers for they carried sweet peas instead. What a pretty picture they did make!

The following fall, school opened in new buildings. We really did some pioneering those three first years of the school.

LOOKING BACK TO 1921

Twenty years have fled, but the pleasant memories still linger of the time profitably spent at Auburn Academy,—time that was filled with classes, chapels, work and pleasant associations. The chapel location is still familiar but nearly all of the other buildings have been greatly enlarged and improved. Besides graduating there were many other things of interest that occurred for us that year, foremost among them the arrival of our Jeanne Marie who became Auburn Academy's youngest student. Just in from the sea eighteen years later it was another big thrill and inspiration to me to be present for her graduation. The scene carried me back to the days when along with school work, acting as night watchman, officiating as fire chief, playing in the band and teaching, I also found time to be editor of the Annual. The education obtained at Auburn Academy has always been considered one of our better investments.

L. E. C. Joers, M.D.

Interesting Facts of "The Old Days" to the Present

In 1919 Elder George F. Enoch raised funds to build Western Washington Academy on the site of Auburn Academy.

The location committee had as two of its members Mr. Kingsbury and Mr. Purdy, who, with other members of the committee waded through weeds and brush to establish the site.

Lyle C. Shepard, now a doctor in Oswego, Michigan, was the pioneer principal, 1919-1920. C. J. Goodman wrote of those days, "We can well remember the opening day of school and the faculty wending their way to the rostrum amid saw horses and piles of lumber.

In 1920 there were five graduates; in 1921 twelve, amongst whom were Dr. Reuben Nelson of Seattle and Miss Elva Zachrison of Auburn; in 1922 there were sixteen; in 1934 there were sixteen; in 1941 there were sixty; and in 1944 there were 62. Thus the early growth of the school was slow but sure. By 1934 the enrollment was 106, by 1941, 243, by 1944, 330.

Mrs. Jacob Wagner, mother of two sons in school at present, taught the church school which was lodged in the basement of the one and only building. Mr. Wagner was president of the class of '22.

In the spring of 1921, on the evening of May 6, fire destroyed the main building, which at that time included the class rooms and both dormitories.

In 1922, after the administration building burned, a new "Ad" building and also Regina Hall were erected. Regina Hall, at that time, would accommodate forty girls, but under the first year of Professor Shull, in 1925, it was found necessary to build a thirty foot addition on the north to accommodate more girls.

In 1931-32, under the administration of Principal A. E. Green, Gibson Hall was built to care for eighty boys.

"Inspiration Point" was built while Professor Hamilton was principal, and was named "The Crow's Nest."

Elder C. A. Wyman served devotedly on the faculty for thirteen years. He was the inventor and builder of the automatic bake oven which provided bread for thousands of meals until 1941 when the electric oven was purchased.

An always welcome visitor to the school is Commander Joers of the United States Navy. Doctor Joers was class poet and editor of the 1926 Rainier

Echoes. His current talks in chapel have been a great spiritual help to the students of today, verifying the fact that many a torch lighted at Auburn Academy is still shedding its light.

The present East Hall, one of the girls' dormitories, was the first building constructed in 1919 for the purpose of an apartment house for faculty and workers. After the fire it was used as a boys' dormitory until 1931; from 1931 to 1941 it was a gymnasium; since 1943 it is a manual arts department downstairs and girls' dormitory upstairs.

Fifty eight students whose relatives have formerly attended Auburn Academy are in attendance this year.

In January 24, 1942 fire took the woodshop; plans were immediately made for the building of the present shop.

In looking through annuals of the "old days" one is impressed with the deep sincerity of consecration and purpose to hold high the standards of truth and Christian living, which students and teachers alike shared.

A new two-story service building, 80 x 36, is now being constructed to contain a modern pasteurizing plant, laundry, cannery, home economics department and extra classrooms.

Plans have been completed for adding a 20-room addition to Regina Hall as well as a new wing to the Administration building.

In 1941-42 the dining room was remodeled and enlarged to accommodate 260.

A new woodshop with 21,000 square feet capacity was erected to replace the old one which burned in January 1942.

A complete new water system with storage capacity of 140,000 gallons in the place of the old 8000 gallon tank which burned, has been put in. About 1000 feet of 4 inch water mains with fire hydrants in all important places on the campus has recently been furnished.

In 1943 a new gymnasium with 165 x 55 ft. dimensions with a hardwood floor for skating, and suitable staging for platform, was built.

During the years 1942-44 there has been purchased the Cloitiere farm with large dairy barn providing for an enlarged herd and a fine remodeled two-story home for teachers. Eight other homes in the community have been purchased and remodeled into fine homes for teachers and other employees. Through these fine purchases the school farm has been doubled in acreage.

ELDER DON H. SPILLMAN

MRS. SPILLMAN

Elder Don H. Spillman, chairman of the Academy Board, has become more to the students than the executive who fathers the academy interests. He is a spiritual father to many who, during two weeks of prayer through which he has led us, have found their way to God. Mrs. Spillman's help, especially in music, has been so closely united with Elder Spillman's effort that she has become associated in our minds and hearts, with his work at the school.

A Message to Youth

Sir Walter Raleigh said: "Bestow thy youth that thou mayest have comfort to remember it when it hath forsaken thee, and not sigh and grieve at the account thereof. Whilst thou art young, thou wilt think it will never have an end; but behold the longest day hath his evening, and thou shalt enjoy it but once, for it never returns again. Use it, therefore, as the springtime, which soon departeth, and wherein thou oughtest to plant and sow all provisions for a long and happy life."

How true it is that every life has it's morning, noon, and twilight. I hope and trust that every student of Auburn Academy will earnestly strive to so improve the morning of his life while here at this fine institution that the noon-time may be filled with unselfish service for others and the eventide a fragrance of splendid loving memories of life's day having been filled in service for the Master.

General Information

DESCRIPTIVE

The buildings consist of two separate dormitories, the administration building, the new industrial building with a floor space of 21,000 square feet, the heating plant, the manual arts building, and sixteen houses for teachers. The new gymnasium, 160 by 55 feet seating about 1500, is now completed. A service building to contain a modern laundry, cannery, pasteurizing plant, home economics department, and maintenance department will be built this summer.

The location of the school is unusually attractive, on the edge of a plateau overlooking the Green River Valley, with the snow-covered Olympics visible in the west, and beautiful Mount Rainier dominating the landscape toward the east. The buildings are set in a campus of several acres, which is fringed on three sides with evergreens of various kinds. The academy farm consists of about 150 acres, much of which is improved and growing good crops. A new farm with a good dairy barn was purchased recently. The school now has a fine dairy herd of nearly 40 cows to provide milk and cream for the dining department as well as about 600 hens to supply the kitchen with fresh eggs.

The administration building contains, in addition to offices, music studios and class rooms, the chapel seating about 300, the enlarged dining room with seating capacity of 250. The library with more than 2,500 volumes is also located in this building.

STUDENTS ACTIVITIES

In connection with the academy are a number of organizations, religious and social, which give the students opportunity to develop leadership and their talents of speaking and writing, as well as training in various kinds of missionary work.

Most prominent of these is the Missionary Volunteer Society, conducted throughout the school year by the students, and working in harmony with the general department. Many active bands carry on the work of this organization, including the Master Comrade, Literature, and Sunshine bands. These bands tend greatly to stimulate missionary activities among the students.

The Academy Sabbath School is conducted largely by the students, assisted by teachers.

The students of the Academy have developed an organization known as the Associated Student Body of Auburn Academy. The purpose of this organization is to promote the social and cultural interest of the student body.

THE STUDENT'S PLEDGE

It is distinctly understood that every student who presents himself for admission to this school thereby pledges himself to observe its regulations, and live in harmony with its ideals and purposes. Unless he is willing to do this freely and without reservation, he will not be admitted to the school. If this pledge is broken, he will be retained only by the sufferance of the faculty for such time as he is not a serious detriment to others. Students who fail to respond to appeals addressed to their manhood or womanhood or sense of honor, and those whose influence is found to be harmful, will not be allowed to remain in the school even if they have been guilty of no specially culpable offense. On the other hand the faculty pledges the parents that they will faithfully endeavor, to the limit of their ability, to help young people who seem not to appreciate the privilege and responsibilities that come to them. No student will be lightly dropped from the school, and parents may be assured that their children will be given every opportunity to develop Christian characters as long as they show a desire to cooperate with the teachers toward that end.

SOCIAL GUIDANCE

To assist the student in moving through the academy life with a minimum of friction and at the same time to contribute to his physical, mental and moral powers is the goal of all academy regulations. A kindly application of the following broad basic principles is the aim of the faculty.

No student is retained who uses tobacco in any form. Nor can the school tolerate profane or indecent language, disorderly conduct, card playing, including flinch and other like games, also such games as checkers or chess, gambling, dancing, improper associations, the possessing or reading of novels and story-magazines, visiting of pool rooms or other places of detrimental influence. Neither can students be allowed to attend the theater, moving pictures show or any other entertainment of an objectional character, because these interfere with the student's work and exert a wrong influence in the school.

The seventh day is observed as the Sabbath, and a proper quiet and decorum is expected of all students. Engaging in unnecessary work or improper recreation on this day is out of harmony with the spirit of the institution.

Young men and women may associate in a frank, manly and womanly manner at times and in places that are proper and in harmony with the spirit of the school; but sentimentalism, note writing, flirting, strolling together about

the grounds, or elsewhere, loitering about the campus or sitting together in public services are not conducive to the best progress in study or to the good name of the school.

As this academy was established for the purpose of giving a distinctly Christian education, no student is retained who either publicly or secretly seeks to disseminate immoral or atheistic ideas among his fellow-students.

The home is not a public building. No lady or gentleman would think of entering a private home without permission; hence people living outside, in calling upon members of the home family are expected to observe the civilities of social convention.

It is expected that all students have respect for academy property, and in case of destruction of property of any kind, such as breaking windows, dishes, or tools, the honest student reports the breakage and settles for it.

Because modesty in dress is conducive to sound character building, students should dress simply and sensibly, avoiding extremes. For girls, simple dresses are recommended. The excessive use of cosmetics, the wearing of French or other extremely high heels, very short skirts, sleeveless dresses, low backs, transparent waists, jewelry such as necklaces, finger rings or bracelets is not in harmony with the principles of the institution. We strongly urge parents to supervise their daughter's wardrobe, and save her embarrassment by eliminating anything out of harmony with these principles.

Students who are not Seventh-day Adventists may attend the Academy without feeling any embarrassment whatever, as long as they do not interfere with the plans for which the school is established.

It is expected that young ladies will be properly chaperoned whenever leaving the campus.

Unmarried students whose parents or legal guardians do not reside in the vicinity of the school should board and room at the Academy. Certain circumstances might arise where an exception should be made to this rule. Such cases will be considered by the faculty upon written request with reasons fully stated by the applicant.

If it seems necessary, or to the best interest of the student, faculty permission may be obtained for correspondence work or private lessons.

Should a student be absent 10 per cent of the class recitations during one semester his grades are subject to a cut of one point (from A to B or B to C etc.). Also should a student be absent as much as 20 per cent of the class meetings in one class he may forfeit his grade. The class work missed can be made up if due to prolonged illness.

The management provides from time to time pleasant social gatherings and outings for the students. All gatherings of whatever nature, have a faculty chaperon, and a list of students invited is submitted to the principal at least two days beforehand.

Parents are requested not to give permissions that conflict with the rules of the school.

All classes are entered or dropped by a voucher signed by the principal.

No firearms are allowed on the school premises.

DORMITORIES

The dormitories are in charge of experienced teachers who understand young people, and are able to help them solve their problems. Constant appeal

is made for sincere cooperation on the part of every student in maintaining wholesome standards of living on the principle that kindness and confidence are more efficacious than stringent rules. Careful attention is given to the study of the personality of each student, and methods are employed that will best bring out the individuality of each. In a special way the government of the Home rests upon the mutual good understanding between teacher and pupil.

It frequently happens that students are unexpectedly called for, and inasmuch as the home management should at all times know the whereabouts of those under their charge, no student should leave the campus without permission from the preceptor or preceptress.

It is desired that the school be quiet and orderly, and that students shall conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, entering rooms without the consent of the occupant, and scuffling anywhere in the building are out of order.

Picture moulding is provided in all rooms. No tacks should be driven into the walls.

The school home is conducted on the same principles as are well regulated Christian homes. Morning and evening worship are maintained in the school homes throughout the year. The deans who are responsible for the worship hour give careful study to these exercises in order that all may be benefited by attending. Every student is expected to be present, and those in charge of the Home require a reasonable excuse for absence.

All students are expected to attend public services on the Sabbath, unless excused by the dean, in which case they will remain in their own rooms.

Owing to the modern easy means of travel, there is a strong tendency on the part of students and parents for frequent week-end visits home. This, however, has been found to be detrimental to the best interests of the school. Therefore it has been recommended that the faculty do not grant permission for such visits more often than once in six weeks, except in extreme cases. Requests should be made to the deans by the parents, in writing, several days before leave of absence is desired. In all cases the faculty reserves the right to decide as seems necessary for the best interest of the school.

Flesh foods are not served in the dining room, and should not be brought into the school homes.

A student's being absent from the dormitory after evening worship without permission is considered a serious violation of the rules of the dormitory.

All trips farther than Auburn from the school must be authorized by the principal.

The school is not responsible for any personal property left on the premises after a student leaves school.

Phonographs and radios are not permitted in the dormitories.

Do not bring popular music.

No tacks should be driven into the walls.

WHAT TO BRING

Each student should bring four sheets, three pillow slips, a pillow, and a bed spread, warm blankets or comforters, towels, dresser scarf, and a cover for his study table, 30x48 inches; also work clothes, and a laundry bag. Our denominational books such as *The Testimonies*, *Desire of Ages*, *Christ's Object Lessons*, *Steps to Christ*, will be of help. No rugs, carpets or window curtains

are furnished with the rooms, but should be brought by the student if desired. A few pictures for the walls are desirable. Girls should bring curtains for one window $5 \times 3\frac{1}{2}$ feet. Boys should bring curtains for two windows $5 \times 2\frac{1}{2}$ feet. Girls should bring a curtain for clothes closet door which is $6\frac{1}{2} \times 2\frac{1}{3}$ feet. The boys' and girls' dormitories are equipped with single beds. Each student should be provided with a pair of noiseless slippers to be worn during study period.

It is suggested that any girl who expects to sing in the choir or chorus, provide herself with a dark skirt—either black or navy blue—and a white long-sleeved shirtwaist style blouse. White satin is suggested. This provides a uniform appearing group upon public performances, and such an article of dress as a dark skirt is always useful in a girl's wardrobe.

Boys who expect to take part in glee club, choir, etc., will find a dark suit and white shirts of great service.

MISCELLANEOUS

To remit, send money by draft, check, or money order payable to Auburn Academy, not to an individual.

Mail for students residing in the Homes should be addressed to them, care Auburn Academy, Auburn, Washington.

For those coming by train, tickets should be bought and baggage checked to Auburn, which is reached by all main line railroads. If coming by bus from Seattle to Auburn, take the Enumclaw bus, and ask to be let out at the Academy stop. Those notifying the Academy are met at Auburn.

No student under fourteen years of age is permitted to reside in the school Home unless he has completed the eighth grade or has made special arrangements with the school management.

Students arriving Sunday and Monday of the opening week of school are given free transportation from Auburn to the academy. Students arriving late are charged for transportation.

Withdrawal: If withdrawal becomes necessary for any reason, the proper method is to secure a drop voucher from the principal in order to avoid unnecessary charges for expenses. When a drop voucher is obtained all charges are discontinued with the exception of room rent which continues to the end of the current semester. When the reason for leaving before the end of a semester is due to illness or other unavoidable reasons bearing the board's approval the room rent is also discontinued from the date the drop voucher is obtained.

School supplies, stationery, and toilet articles may be purchased at the academy.

Automobiles may not be brought to the school by students unless they have first made special arrangements with the principal. Experience has proven that free access to an automobile during the school year is detrimental to good work.

The school assumes no responsibility in forwarding personal belongings such as clothing, blankets, or books to students who withdraw from the school.

Labor credit either by students or parents is not transferable nor redeemable in cash except as authorized by Board action.

HEALTH SERVICE

At the beginning of the school year a thorough physical examination is compulsory. During the year a reasonable number of consultations and the attention of the physician are covered by the medical fee. Hospital care, medicine, laboratory service and operations must be paid for. For the benefit of the students a school nurse is employed by the school. Her attention and care are added to the guidance of the deans of the school homes.

COLLEGE PREPARATORY COURSE ENTRANCE AND GRADUATION REQUIREMENTS

A student is admitted to the Academy upon the presentation of an eighth grade certificate or grades from accredited schools, or upon passing satisfactorily, examinations in subjects for which credit is claimed. Students are required to present grades from other schools upon matriculation.

To graduate from the college entrance course, a student must complete the studies listed as required above and select enough electives to have at least sixteen units. When a foreign language is elected, two years of the same language are required.

A student may elect two units of music credit in meeting the requirements for graduation. Credit is given for piano, voice, violin, all wind and reed instruments, as well as chorus, glee clubs, band, orchestra, and other organization work.
